

Fracture Diversion

Information for patients and families

Key points

- Please book an appointment with your preferred GP in one week
- The GPs listed can access x-rays taken at Northern Health
- If you had x-rays taken somewhere else, please bring your x-rays to your GP appointment.

Fracture diversion

After coming to the Emergency Department, you have chosen to be managed through the Simple Fracture Diversion Pathway. This means that your broken bone will be managed by a General Practitioner (GP).

We recommend that you choose one of the GPs listed over the page to manager your condition, as they have completed extra training in this area with our Orthopaedic team.

Your GP visit will be bulk billed in most cases.

Further Information:

- More information is available at <https://www.nh.org.au/service/orthopaedics-fracture-and-elective-orthopaedics/>
- Contact your nearest fracture diversion GP
- Alternatively, call the Northern Hospital Outpatients Department on (03) 8405 8335
- We welcome your feedback regarding the Fracture Diversion project. Please contact the Northern Health Patient Experience office if you would like to provide feedback.
Phone: (03) 8405 8000
Email: feedback@nh.org.au
Web: <https://www.nh.org.au/contact-us/leave-feedback/>

Northern Health welcomes your questions. Ask us:

What is my main concern?

What do I need to do?

Why is it important for me to do this?

You can ask questions when:

- You see a doctor, nurse or other health care provider
- You prepare for a medical test or procedure
- You receive medication
