

Welcome to the Northern Hospital Epping. We look forward to caring for you and your child.

By transferring to the Northern Hospital Epping you will be admitted directly to the Children's Ward and be cared for by Paediatric specialists, closer to home and within your local community.

Our Children's Ward is staffed 24 hours a day, seven days a week by dedicated paediatric doctors, nurses and allied health teams who provide expert quality care for all children from birth to teenage years. Children with both medical and surgical conditions are cared for on the ward.

We aim to provide our patients, families and carers with a high standard of care that is consistent and informative, ensuring that children are involved, respected and protected throughout their care.

If you have any questions during your stay, please speak to your treating nurse, or contact the Children's Ward on 03 8405 2795

VISITING HOURS

Visiting hours in the Children's Ward are 9 am - 1 pm and 3 pm - 8 pm, with a strict rest period between 1 pm and 3 pm.

We encourage one parent or guardian to stay with their child, with all other visitors invited to attend during the above visiting hours.
