Northern Health

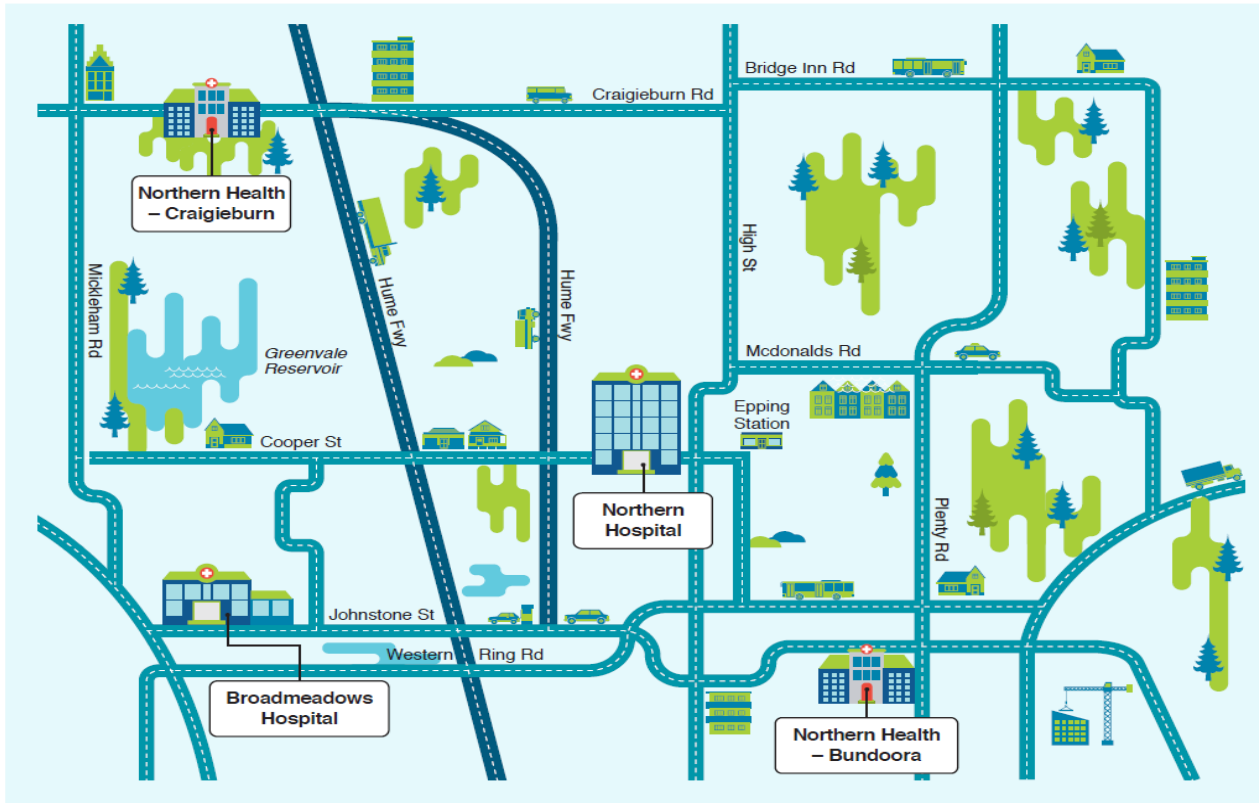

Our Programs

- 3 Transition to Practice Programs
 - Graduate Nurse Program (104 positions)
 - Combined Graduate Nursing/Midwifery Program (10 positions)
 - Graduate Midwifery Program (2 positions)
- 2 intakes (February and May)

- Northern Health is the major provider of acute, maternity, sub-acute and specialist services in Melbourne's north
- Our campuses include Northern Hospital Epping, Broadmeadows Hospital, Bundoora Centre and Craigieburn Centre

The Northern Growth Corridor population is expected to grow by **228,000** people between 2016 and 2031.

Our service locations

Northern Health

Our Vision

- Outstanding healthcare for our community

Our Values

- Safe
- Kind
- Together

“I am glad I chose NH because I am surrounded with **support** from the clinical teachers and nursing staff. To be given trust and responsibility encourages you to do more and to aim higher in your career”

Sefora

- Our support system consists of graduate specific orientation, a preceptorship program, supernumerary time in each rotation, qualified Clinical Nurse/Midwife Educators, a dynamic team of Clinical Support Nurses/Midwives. And of course a multitude of experienced and friendly staff!!
- Your transition from student to registered nurse/midwife should and will be both challenging and rewarding.
