

Where to stay

Accommodation guide

Information for patients and families

Key points

- Northern Health would like to welcome you
- This information sheet will assist you and your family in finding accommodation during your stay.

Accommodation arrangements

The following is a list of accommodation within the local area. We are not able to recommend a particular company or organisation. Any arrangement is made privately between you and the provider.

We suggest you check the facility information and fees charged prior to booking your stay.

Accommodation and travel assistance

If you live in a rural or remote area and need to travel more than 100km one way for specialist medical services (not available locally), you may be eligible for the Victorian Patient Transport Assistance Scheme (VPTAS). This can help toward your travel and accommodation costs. For an application form, ask your local doctor, hospital social worker, access the link below or phone the VPTAS office.
