

Northern Health is required to meet the requirements of the National Quality and Safety Health Services Standards

We are seeking consumers to volunteer their time to engage with staff on the following committees. *You can contribute by having a voice about what is important to patients and families when receiving health care to make sure it is delivered with the patient at the centre of everything we do.*

Patient Experience Community Advisory Committee, *this committee provides direction, leadership and advises the Board of consumer/community views to assist with health service planning, delivery and policy to deliver a high quality, safe and accessible health care service.*

Preventing & Controlling Healthcare Associated Infections, *reduce harm from healthcare associated infections to achieve good health outcomes for patients*

Research Governance Committee, *participate in the oversight of research activities to meet standards and guidelines.*

Information Management Committee, *be involved in all areas of health information in the delivery and documentation of safe and effective patient care, including discharge home into the community.*

Comprehensive Care:

Comprehensive Care Committee, *to ensure patients receive care that meets their individual needs and considers the impact of their health on their wellbeing.*

Predicting, Preventing & Managing Self Harm and Suicide, *identify patients at risk, provide a safe environment and respond with respectful and therapeutic care.*

Predicting, Preventing & Managing Aggression and Violence, *Reducing the risk and managing aggression and violence in the workplace that impacts patients and staff.*

Time commitment for the above activities would be approximately 2 hrs per meeting.

Note: (committees and working groups meet monthly, or bi-monthly.)

This is a voluntary position, with support for expenses, including childcare.
