

HOW TO INFORMATION

Northern Hospital Epping Virtual ED Triage

To help our local general practitioners (GPs) and acute care centres, Northern Hospital is introducing an ED specialist medical telehealth service.

1

Scan the QR code or click on the link
This will take you directly to our health care worker registration screening page.

<https://redcap.nh.org.au/surveys/?s=RRE83X88NF>

2

Answer the three screening questions
Once you have answered, press “submit”

At this point in time, we are unable to provide virtual interpreter services. Are you able to speak and understand English?

* must provide value

Yes

No

3

Enter your name and practice details
These are essential details so we can contact you if the call drops out

Healthcare provider last name

* must provide value

Email

* must provide value

Medical Centre (clinic name)

4

Submit your registration and you will be immediately directed into the Consult waiting room

Emergency
Department Consult
Waiting Room

Make sure you are using one of these web browsers:

Run a Test Call

5

Ensure you enable your camera and microphone

Click the Allow button above to continue

In order to proceed, we need to access your camera and microphone.

6

Add your own details here so we can match your caller ID to your registration details

Switch

Patient/Client Name (the person this call is REQUIRED about)

First Name

Last Name

Phone Number

Australia (+61)
