

Please join us in making a difference together

Northern Health is looking for a community member to join the Medicine quality and risk management committee that helps with reviewing processes and systems to oversee safe, effective health care with a person-centred care focus. This means placing patients at the centre of everything we do.

Are you interested in providing a consumer perspective to improve the patient experience and safety in the organisation?

Our staff will support you to join monthly meetings online and participate from the comfort of your own home.

**Your experience of receiving health care as a patient or carer is essential.
Your ability to share ideas, listen, and be objective will be valued.
Support and training will be provided.
Medical knowledge is not required.**

To apply, contact: **Sherrilyn Ballard**, Consumer Participation Coordinator
Phone: 9495 3313
Email: consumerparticipation@nh.org.au
